

Lemon Grove Review

The MASON LINE

by Chan Mason

Quite a revelation that House Investigating Committee is bringing light on the local liquor licensing situation.

It points up the fact that public opinion is still the most powerful force we have in correcting these smelly messes.

—ML—
It calls to mind the statement made by Henry F. Kempton, operator of the Sportmen Club, who buttonholed the editor of the REVIEW a few days after he had editorialized against more saloons in Lemon Grove.

Said Kempton: "Your editorial is misleading about children being exposed to drunks on the streets if more saloons came to Lemon Grove. I know personally that a lot of people go to church drunk every Sunday and a lot of children go to church too. Children are thrown into close contact with these drunks more so than on the street."

We may always have misguided saloon keepers with us but we should be keepers of our own destiny as far as quantity of saloons in our community is concerned and quality in the county generally.

It might be well to drop a note to Assemblyman Ralph Cloyd, who was instrumental in bringing this investigation to the county, and tell him of your wishes in your community saloon future.

—ML—
Now if they will really crash down on dope peddlers and all connected with that evil, we'll feel that moral progress is under way. We have yet to see a valid argument against a mandatory life sentence for the sales of the stuff by an adult to a minor.

A branch of the narcotics bureau which was set up in San Diego in the past week, indicates progress in the direction we are thinking.

—ML—
We were fortunate enough to hear a recent talk by an officer of the Juvenile Delinquency Prevention Bureau.

In his talk he mentioned these figures: That 60% of all juvenile delinquency cases had their first brush with the law before they were nine years old and that 90% were in trouble before they were 13.

He also stated that never does a child become a delinquent who can call one person (including his mother and father) his friend. (Next time Junior asks you to go to a ball game with him—don't brush him off.)

—ML—
A local lady recently purchased a copy of Polly Adler's sensational expose on ladies of easy virtue. Miss Adler, a New York madame who enjoys international notoriety, wrote a book, a best seller, entitled "A House is Not a Home."

The volume is so risqué that, naturally, all the neighboring housewives wanted to read it. As the book passed from one to the other they each threw some change in the pot to help defray the cost of the book. When the funds were offered, however, she refused to accept it until someone suggested giving it to charity. She then proceeded to drop it in the collection plate at her church.

We'd like to see the expression on the minister's face if he learns that he was accepting money from the sale of Polly's lurid autobiography and that by coincidence the contribution was equal to the rate of pay to one of Madame Adler's young ladies.

—ML—
One of our town's grand ladies, Alma Lewis, who operates the florist shop, has been seriously ill. Following an operation recently her recovery has not been as rapid as we had hoped. As a matter of fact, it has been so slow that numerous transfusions have been needed. At present, Alma is 33 pints of blood behind at the Blood Bank. This is in addition to her funds which have been all but depleted and the contribution of blood replacement by her many friends.

If you are eligible to give blood, and desire to help our sweetheart, we urge you to go to the Blood Bank in San Diego and give in the name of Mrs. Ed. Lewis.

SVALSTAD NAMED TO GROSSMONT BOARD
Palmer Svalstad will be the new trustee on the Grossmont High School board, it was indicated this week.

Dr. Frank Gigliotti had disclosed his willingness to accept the post and a number of local organizations had endorsed him. Dr. Gigliotti stated that he would be a candidate for the Grossmont board in May when Svalstad's term expires.

Advisory Group Approved by School Board

The Lemon Grove Elementary Board of Trustees this week announced a plan to form a citizen's advisory committee.

The committee, composed of lay people, would have the responsibility of aiding in solving many of the district's school problems. The board agreed to give the request for forming such a committee "favorable consideration" at the next board meeting following a spirited discussion.

Max Goodwin, proponent of the plan, represented the Citizens' Committee on School Costs, a group formed to study recent Grand Jury charges on school costs and pointed out that "lack of understanding and lack of information" are twin causes of light votes at the polls and small turnouts at the board of trustees meetings.

He also pointed out that school officials and trustees are not given credit for their honesty and sincerity because of poor public relations. A citizen's advisory committee would help overcome this shortcoming, he said.

The board also established the Monterey Heights, San Miguel, Lemon Grove Intermediate and Vista La Mesa Schools as polling places for the February 16 \$550,000 bond issue.

Voting will be permitted from 7 a.m. to 7 p.m. and all registered voters will be notified by their registrar where to vote.

A list of voting places and election officials will be carried in a subsequent issue of the REVIEW.

C of C to Have Luncheon Meeting
There will be a special luncheon meeting of the Chamber of Commerce Tuesday at 12 noon in Michael's. Reservations may be made by calling H9-1398.

Purpose of this meeting is to formulate ideas for projects and programs for the coming year. Everyone is invited to attend.

Employers Must File State Tax Forms

The California Franchise Tax Board reminds Lemon Grove employers of their responsibility to file Information Returns with the State Income Tax Division reporting payments to their employees during 1953. Information Return Form 599, must be filed for each single employee who was paid \$2,000 or more and each married employee who was paid \$3,500 or more.

The Forms 599 must be accompanied by Form 596 and filed with the Income Tax Division on or before Monday, Feb. 15, 1954. Information concerning the filing of these forms may be obtained from the Franchise Tax Board at Sacramento, or from the office at 242 San Diego Trust and Savings Bank Building, 530 Broadway, San Diego.

Block of Dimes Next in Polio 'March'

The Block of Dimes is the next step in the month-long March of Dimes annual money raising event for polio control in Lemon Grove. It was announced this week by Tom Warburton and Channing Mason, co-chairmen of the Lemon Grove part in the nation wide event.

Members of the Kiwanis Club in Lemon Grove will man the "block" on three streets on Broadway, Saturday from 10 in the morning until dark.

While there is no quota to reach it is hoped by local March of Dimes executives that Lemon Grove will produce \$7,500 this year. Last year they raised a little more than \$5,000 with a series of promotional events.

The Block of Dimes this year will extend on Broadway from Main Street west on the south side along Lindley's Pharmacy, Walter's Jewelry, post office and bank, Lane's Men's Shop and on to Wighton's. A similar block will be established from Haizlip's past the Silver Dollar Store, Grove Pastry Shop and Piggly-Wiggly.

Another block will be established from Casteel's Corner, past the Style Shop, Petite Shop, Western Auto, Popular Delicatessen, Michael's, and on to the east.

Last year more than \$100 was raised in this event.

In the meantime, the Fire Department Auxiliary will have a balloon sale from 3 to 6 in the afternoon of Friday. The polio drive headquarters in San Diego supplied the Grove with as many balloons as the entire city of San Diego and after selling a record amount last Saturday, another section of the sale will get under way this week.

About \$500 is already tabbed to go into the March of Dimes

CONGRESS OF THE UNITED STATES House of Representatives Washington, D.C.

Mr. Max Goodwin
Editor and Publisher
Lemon Grove Review
Lemon Grove, California

Dear Max:

I arrived in Washington Sunday evening after five hard days of driving. The weather is much colder than in Southern California.

I wanted to tell you how very much I enjoyed our visit and luncheon last week in Lemon Grove. I only regret that it was impossible to spend more time there. The rapid growth of your community is a constant amazement to me.

I know that many problems arise with any fast growing city and I suspect that yours is no exception. It calls for long range planning, for water supply, drainage, and sanitation, to say nothing of telephone extensions, gas and electric services to anticipate the needs of the future. School problems must be a source of constant study, in order to keep ahead of your growth.

Someone has to spearhead these things, as they will not go automatically. A community newspaper has a great opportunity to help shape the thinking and smooth the way for the expansion. As a subscriber and reader of the "Review," I would say that you have rendered invaluable service along this line, and I congratulate you for your community spirit.

I was happy to find that Lemon Grove will soon have a new Post Office Building. By the way, from inquiries I made around town, it was gratifying to hear comments on what fine service the Lemon Grove Post Office is giving to the public.

If there is any way that I can be of assistance to you and to Lemon Grove, please do not hesitate to call upon me.

With best wishes for a happy new year, believe me,

Cordially yours,
James B. Utt, M.C.

JBU:je

MUST HOOK UP SEWERS OFFICIALS SAY

Official notices were being prepared this week by county authorities for service to Palm and Golden Avenue residents in Lemon Grove. Authorities stated that all property abutting sewers would be required to hook up within 30 days from notice.

While no official reason was handed down for putting the law into effect, it is believed that a critical condition, super-induced by winter rains, is responsible. Dangerous sewage effluent is polluting natural drainage waters in low areas below Palm Avenue.

Health authorities have warned residents to keep children away from playing in the areas.

L. A. CONSTRUCTION HIGH

Residential, commercial, and industrial construction valuation of Los Angeles county this year will be the highest in southland history according to the Los Angeles Chamber of Commerce.

bank account. Actually \$122 has been banked. Receipts, resembling test tubes, which have been set up in strategic points throughout the community are doing a record-breaking business, it was reported. Income from these receptacles is expected to be far more than received last year.

The March of Dimes dance, which was so successful last year, is set for Saturday, January 30, in the new auditorium at the Lemon Grove Junior High. Warburton said. A dance was held at Helix High cafeteria last year and was highly successful. There will be no actual charge but it is hoped that residents will contribute \$1 per person to attend the affair. Youngsters, it is hoped, will contribute 60c.

Al Cassell will supply the music and musicians local No. 325 will use its recording fund to pay the aggregation to play.

Mason and Warburton said the drive is apparently more successful than last year's; however, it is impossible to tell how the receipts compare until the many receptacles are gathered up and their contents totaled.

Meanwhile, Ken and Ann Arnold, operators of the local sewing machine sales firm, are giving 10% of their sales in January to the "March."

UN Organization To Host Southern Officers

S. D. Chapter of the American Association for the United Nations will host officers of the Southern State Council at their quarterly meeting Saturday, January 23 in the House of Hospitality, Balboa Park. Attending will be officers and representatives of the 17 AAUN chapters and national representatives from Santa Barbara south, Chairman of the council, Colonel C. M. Nelson, British Army retired, will preside.

The meeting will be combined with the annual membership luncheon meeting of the S. D. Chapter and election of new officers, to which residents of Lemon Grove are invited. Dr. Ralph Grove, S. D. Chapter president, will preside over this meeting. Major addresses will be made by Col. Irving Salomon, retired industrialist, and Col. C. M. Nelson.

At present there is a plan to hang the beautiful U.N. mobile designed by Miss Belle Barancanu, one of San Diego's leading artists.

The next meeting will be luncheon at Michael's at 12:30 January 21.

Sgt. Eugene H. Beels, son of Mr. and Mrs. Al Beels, 3276 Alford Drive, is serving in Korea with the 24th Infantry Division's 724th Ordnance Battalion, where he is undergoing intensive field training.

Sgt. Beels, assigned as a senior ordnance specialist, entered the Army in August 1951 when the family came to Lemon Grove. He completed basic training at Aberdeen Proving Grounds, Md. before arriving in the Far East.

Sgt. Beels has married a Japanese girl and hopes to bring her home to Lemon Grove.

BWL Endorses Svalstad for School Board

The Lemon Grove Business Women's League had its guests at their last dinner meeting Mrs. Ted Fetters and Miss Emily Vorhees.

Plans are under way for a card party to be held Feb. 12 at Lee-wood Trailer Court Recreational Hall. This is a Ways and Means project to help with beautification of the Plaza. Tickets can be obtained January 21 from any club member.

The BWL recommended that a letter be sent to the Grossmont High School urging them to accept Mr. Palmer Svalstad to fill the vacancy on the Grossmont High School board. We urge all residents of Lemon Grove to help put a Lemon Grove man on the Grossmont Union High School Board.

The BWL members signed a pledge card as approval of the school recreational program.

The next meeting will be luncheon at Michael's at 12:30 January 21.

Record Shipment Of Appliances Comes to Grove

A record breaking shipment of appliances, an all time high in merchandise for Lemon Grove was received this week when Browne's Refrigeration took delivery on two carloads.

Robert Browne, operator of the firm bearing his name, said that early this month he received a carload of Maytag washers. This week he accepted a carload of Kelvinator refrigerators. Total retail value of the two carloads amounts to \$39,100, Browne said.

Browne has been buying Maytag washers in carload lots for several years.

Whether You Give It Away—or Take it With You—A State Form Is Required

California's Gift Tax Law which became effective in 1939, requires any individual resident of California to file a return if he made a gift to any one donee of property exceeding \$4,000 in value or, regardless of value, made a gift of a future interest. The Gift Tax Return must be filed with the State Controller at Sacramento on or before the 15th day of April following the close of the calendar year in which the gift was made.

New forms are available, but returns made on the old forms will be accepted. The old form, however, requires that the taxpayer sign it before a notary public. The new form is signed by the taxpayer under penalty of perjury and need not be signed before a notary.

New Gift Tax Forms may be obtained at the Controller's Office in Sacramento, San Francisco and Los Angeles and will be mailed upon request.

Silliman Files For Lt. Governor

SACRAMENTO—James W. Silliman, Speaker of the State Assembly and leader of the "good government" movement in the lower house of the State Legislature, announced his candidacy for Lieutenant Governor of California this week.

From 1949 until his election as Speaker, Silliman was chairman of the Governmental Reorganization Committee (Little Hoover Commission) of the Assembly, whose studies resulted in administrative changes which saved the state several million dollars annually.

Divorcement of liquor control from the Board of Equalization, a current controversial issue, was first recommended by Silliman's committee in 1951. He is a member of the Board of Regents of the University of California.

A Republican, Silliman will seek the nomination on both Republican and Democratic tickets at the primaries.

FIRE DAMAGES GROVE HOME

Loss of \$3,500 resulted from a fire Wednesday in the home of Harry Jones, 8327 Imperial Avenue. Grove Fire Department said that flames originated from a floor furnace.

A pet dog, in the house, was overcome by fumes. He was sent to a veterinarian for treatment.

WATER WORKS TO NAME ADVISORY COMMITTEE

The local irrigation district will name a citizen's committee to study growth and expansion problems, it was announced this week by Harry Griffen, board member from Lemon Grove.

A program calling for expenditures of \$17,000,000 to be spent over the next 15 years, will be one of many considerations of the new organization.

The board will seek advice from the committee on many problems, Griffen stated, and probably first and foremost will be the means of obtaining funds to meet the pressure imposed by the record-breaking growth of the area.

Questions and Answers on the Bond Election

This is the second in a series of questions and answers which the Citizens Committee supporting the coming school bond election is featuring in the Review. Questions from readers are welcome, and they will be answered each week in the order in which they are received.

Last week's questions and answers explained the amount of the bond issue, told how the \$550,000 would be used for classrooms only, and described the great need for these additional rooms in the district.

11. Where will these 29 new classrooms be built?

A. Eight more are needed at the junior high, seven at San Miguel, six at Golden Avenue, and four each at Monterey Heights and Vista La Mesa.

12. How many children can be housed on regular sessions when these 29 classrooms are completed?

A. The school district will then have classroom space for 280 children, the anticipated enrollment here this fall.

13. What big advantage will Lemon Grove have in building classrooms now?

A. The five projects now planned are just classroom additions. They do not require the purchase of new land, and they will not require the construction of any special buildings, such as offices or cafeterias. These are all already built at the five existing sites. This means that every cent of the money will go into classrooms.

14. What steps have been taken to build these classrooms as economically as possible?

A. The Board of Trustees has employed architects who have designed low cost schools in other districts. These architects are now studying all possible means of construction which can save valuable tax dollars but which, at the same time, can provide pupils with classrooms that are safe, durable, and functional.

15. What plans are being considered by the architects?

A. They are studying present school facilities here to determine if any items could be eliminated or redesigned to effect a cost reduction. Steel frame construction and concrete tilt-up design, which might reduce both labor and maintenance costs, are being considered. Temporary and portable buildings are under study also, but past experiences with these types have not been good.

16. How long should these new permanent classrooms serve the community?

A. Permanent classrooms should serve the educational program in a district for at least thirty years, and some districts claim that well-built classrooms will serve at least fifty years. This can be done only with permanent type buildings, and their cost to the taxpayer in maintenance is small.

Cloyd Asks Relief for Cattlemen

Assemblyman Cloyd revealed this week that he has asked Governor Knight to intercede with Secretary of Agriculture Benson for emergency relief in behalf of the San Diego County cattlemen stricken by the drought.

The Cattlemen's Association had appealed to Benson stating that dry feed has been exhausted for two months on most ranches and cattle are being carried entirely on purchased feed. Rainfall this season is the lowest in 103 years. All applications from San Diego County for special livestock loans to date have been denied.

Cloyd wired the governor that many cattlemen have mortgaged their farms and others have been unable to get loans, that livestock is at the edge of the economy of the county and that the cattlemen urgently need help.

M. H. PROTESTS FORCE CHAMBER BUS PLAN WITHDRAWAL

The San Diego Transit System had some words for the Grove Chamber of Commerce, but none of them good when the Chamber withdrew support for bus rerouting in Monterey Heights at a public hearing this week.

The Chamber had originally worked out the new route with the bus people after a series of sessions during which members of the chamber board said that channeling more Lomita residents to the Grove business section was vital.

"Most important scientific fact of our lives," says Dr. Bob Swenson, our new dentist, "is not space travel or atomic radiation. It's meat and potatoes being turned into human beings."

WILLIAM G. BONELLI, chairman of the State Board of Equalization, (right) accepts receipt of his change in party affiliation from Republican to Democrat from Benjamin S. Hite, Los Angeles County Registrar of Voters. After 26 years of political life as a Republican, Bonelli says he now feels the Democratic party offers Californians their only protection against the sinister threat of political domination by the Chandler-owned Times-Mirror combine.

LETTERS TO THE EDITOR

Dear Sir:

Why is there so much bragging about shopping in Lemon Grove built around "plenty of parking?" Just try and find some of this parking sometime.

Another question I would like to have answered is why we do not have a control traffic light at the corner of Massachusetts and Broadway. A woman was injured there last week and wrecks occur at regular intervals.

Beatrice Morse

Dear Sir:

I'm tired of people using my property for the County Dump. Will the lady who is using a Free-Westinghouse sewing machine, making a black faille skirt and something else out of a divine blue material please stop dumping her garbage in my front yard? Believe me, I'm going to keep my eyes open for the person wearing those new clothes.

Mrs. F. M. Frates

Dear Mr. Goodwin:

This letter is in reply to an inquiry made last week by a reader of the Review. The question concerned the building of shower rooms at the junior high school at a time when other classrooms are also needed in the Lemon Grove School District.

As a teacher for the past seven years at the junior high, may I say that the recently completed shower and locker rooms have long been needed here. In order to carry out a complete physical education program, such as junior high schools of comparable size elsewhere provide, the school built proper facilities.

Today the four hundred boys and girls in the seventh and eighth grades dress in suitable uniforms for the state-required period of physical education, and they follow this activity period with a healthful shower before changing back into street clothes. From the standpoint of health and hygiene, all this certainly is desirable for everyone concerned.

The two rooms take care of twelve classes each day, serving a purpose similar to that of the

Smile. . . (Seen in a Helix paper) What a difference a dot makes. Take the saying, "Half the world doesn't know how the other half lives." Then punctuate it this way: "Half the world doesn't know how. The other half lives."

Contest-Time. . . The answer to last week's quiz was, the Yellow Jessamine and it was officially adopted by the General Assembly. Congratulations goes to a junior at Helix by the name of Miss Carol Kregor. Carol resides at 2127 El Dora Street (another Monterey Heights gal). Carol is sweet 16 and was born in Fair Haven, New Jersey. She came out to smoggy California when she was a big gal of nine. Miss Kregor has cute brown eyes with the same color hair; she is 5 feet 1 inch tall and weighs a nice 115 pounds. Her favorite pastimes are writing letters and jiggerbugging. Her favorite sport 'n hobby is tennis. Spaghetti 'n pizza rate high in food with her and she likes to listen to all variations of music, "specially hot notes. The clubs she belongs to are: the Tri-Ettes, Racquettes and Hi-Steppers. Her favorite animal is the cat, and when she's not busy fiddling with her beasts she's busy reading the REVIEW of which she subscribes to, of course. It is strongly rumored that she has a boy friend that writes a teen column for the Lemon Grove REVIEW. Carol plans to go to State and take up a business course when she gets out of the gray walls of Helix.

The question for this week is thusly—you must answer 3-out-of-4 correct—(1) Who put out the picture "Hondo"? (2) Was "War of the Worlds" in 3-D? (3) What is the telephone number of our own Grove theatre (not the Cinema-Dine)? (4) Who were the two male stars in "All the Brothers Were Valiant"? The winner this week is who? YOU? Two tickets to the Grove Theater go to the winner.

Kris's Kut-Ups. . . Pretty Kris Johnston, Helix sophomore, threw two parties last week, one on January fifth and the other one on the seventh. She had refreshments for the PE gang that was there poster-painting. They being: Jean 'n Donna Lee, John Bates, Peggy Lester, Monty Dickinson, Kay Kish, Judy Nelson, Tom Simmons, Karen Dawson, Kris Johnston, Carol Kregor and Bob Turnbull.

Attention Seventh and Eighth Graders. . . Although my column is mostly dedicated to Helix, I see no reason why I shouldn't include some of the happenings that the junior high cooks up. First off this is a Lemon Grove paper and you're part of L. G.

Dr. Brumbaugh, Jr. Improves After New Daughter's Birth

Plans for a corps of trained nurses are well under way at the residence of Dr. Si Brumbaugh, 7331 Central Ave. A new daughter, his second, was born to Mary Lou and Si, Dec. 22 at Mercy Hospital. The Brumbaughs have named the new 10 lb. 3 oz. arrival Carol Ann.

The doctor is not particularly nervous although he passed out several thermometers in lieu of cigars. Mother and daughter are doing fine, however.

Methodists' Mens Group Name New Officers

The Methodist Men's Group held its first official meeting Monday evening and elected the following officers: Bonner Brown, Jr. president; Fred Ward, vice president in charge of programs; Don Bergstedt, secretary-treasurer; Bill Hofer, publicity. Meetings are scheduled for the first Monday of each month in the home of Fred Ward. Seventeen men are in the group presently and all interested men are invited to join. Meetings are preceded by a pot luck dinner, followed by barber-shop harmony and then the business meeting.

Planned for future talks are Supt. Dr. Maurice Ballenger and a member of the State Narcotics Division.

Free Shows, Free Dinners For Review Readers

Each week a list of names will appear in this column. Three of them will receive tickets to the Grove Theatre. One person will receive a ticket for chicken dinner for two at Richie's Drive In on Broadway.

Winners may pick up their tickets between 9 a.m. and 5 p.m. at the REVIEW office, next door to the Grove Theatre.

This week's lucky readers are: Theatre Tickets Mrs. Allen Giles G. W. Barrow Mrs. M. J. McCormick Dinner Ticket Walter Spooner

Oldest Market Plans Expansion

The Lemon Grove Shopping Center, Lemon Grove's oldest market, will embark upon a \$20,000 improvement and expansion program this week. It was announced by Paul Hendricks, operator of the firm.

The building, opposite the big lemon in the park, is presently 25 feet wide. This will be expanded to cover a 50 foot wide area. The length will remain the same.

The store will be modernized in every respect, Hendricks said, and some of the departments will be expanded. The Lemon Grove Shopping Center is one of the outlets locally for S&H Green Stamps.

High Twelve Names New Officers

Thomas E. Farrow, Spring Valley, was named president of the Mt. Helix High Twelve Club last week at Michael's.

It was a combination installation and ladies night and these additional officers were installed: 1st vice-president, Chester Holcomb, Lemon Grove; 2nd v.p., Fred Rector, La Mesa; 3rd v.p., John Durham, Lemon Grove; secretary, J. Laurence Steward, Lemon Grove; sergeant at arms, Walter Martell, La Mesa.

Installed as the board of directors were: A. Jolly Benbrook, John Haslam, Lewis Granger, John Batchelor, Dr. Leroy Velt. Bachelor and Velt are Spring Valley residents, the rest live in La Mesa.

The regular weekly meeting was held the next day at noon and Dr. Myron Insko, head of the Goodwill Industries was speaker. Next regular luncheon meeting will be January 14. Dr. Bruce Leamer will be in charge of the program.

'Heavenly Bundle' For Dr. Wilhite's Family

Lorelei Wilhite, last week, broke the male jinx on the household of Dr. David Wilhite, 7676 Madison St. in Lemon Grove.

Reconciled to a house full of boys Mrs. and Dr. Wilhite finally had a baby girl Friday at 12:53 a.m. at the La Mesa Hospital after having three boys in succession. The little miss weighed 8 lbs. 5 oz. and was 22 inches long when she arrived.

That's the reason why Mike, Greg and Chris shine their shoes and wash their faces more carefully. Mary Wilhite, the mother, is doing fine.

Cameron Mitchell explained why he, Richard Widmark and Gary Cooper kept fighting during a scene on location in Mexico after the cameras had stopped turning. "We all are short tempered because we can't get home for Christmas."—Fortnight.

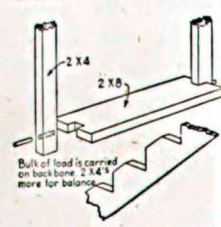

Unique Stairway Appears Suspended From Ceiling—But It's Not True

The novel stairway pictured at the right appears to be suspended from the ceiling, but actually, as the drawings below reveal, most of the load is absorbed by the notched backbone holding the treads.

This unique stairway design appears in the current edition of Home Modernizing magazine.

The 2x4 supports extending from the stairway treads up to the ceiling appear to be load-bearing, but they only contribute balance and greater safety.

Construction details of the stairway are quite simple, as the drawings show. The 2x4 vertical members are joined to the treads with wood dowels. The backbone is notched with a saw as shown. Nail through the treads into the backbone.

Harlem Globetrotters Booked For Del Mar

DEL MAR — The Harlem Globetrotters, who recently returned from their second 'round-the-world' barnstorming tour, will meet the Washington D.C. Senators in the Exhibit Hall at the Exposition grounds here Thursday, Feb. 4. The game will be under the auspices of the San Diego Junior Chamber of Commerce.

In a preliminary game starting at 8 p.m., Toledo Mercurys will oppose the Philadelphia Sphas.

Between games, a floor show featuring top vaudeville acts will be presented.

All tickets will be dispersed on a first come, first serve basis. There will be no reserved seats. Ducats can be secured by sending a certified check or money order for the number of tickets desired to Box 1163, Del Mar. Tickets are \$2.40 each, tax included. In the event of a sell-out, checks for unfilled orders will be returned.

'Dimes' Profits From Thievery

Culprits have been stealing waste boxes from the side entrance of the REVIEW from under the watchful eye of Patrolman Johnson. Last week they stole a filled box and dumped the scrap paper on the property owned by Captain Vale on Lester st. Vale and the REVIEW got together and Vale cleaned up the paper and burned it and the REVIEW dropped a buck into the March of Dimes receptacle in the name of Captain Vale.

Delphians Will Consider 'Human Origins' Wednesday

Alpha Beta Chi Chapter of the Delphian Society will discuss "Human Origins" with Mrs. J. H. Darwell as Seminar leader at Hilltop Chateau, 6970 Central ave. at 10:00 a.m. Wednesday.

Typical leaders will be Mmes. Milton Kelley, John B. Dail, Dan Apra, David Hentigan and B. Williams.

Prize Fishing Contest Open to Grove Residents

The outdoor Boating Club of San Diego will hold a fishing derby Sunday and all Lemon Grove anglers are invited to participate. Prizes will be awarded. The entry fee will be \$1.00. All members of the Club and friends are eligible. The fish must be weighed in not later than 4 p.m. at Shelter Island.

Prizes will be awarded at next meeting, Tuesday Jan. 19, 7:30 p.m. Conference Bldg. Balboa Park.

Coopers Get Re-Acquainted With Families For Xmas

After a two weeks reunion with various members of their families in Texas, Mr. and Mrs. Fred Cooper of 3558 Vista ave. have returned to the Grove bringing with them for an extended visit Mrs. Cooper's parents, Mr. and Mrs. J. E. Smith of Richardson, Texas, and her niece and nephew, Mr. and Mrs. M. Braxton of Sylvania, Georgia.

It was a red letter Christmas holiday for the Coopers this year because it had been 15 years since Fred had been with his folks, who live in Plano, Texas, and 10 years since Mrs. Cooper had visited with her family.

The Coopers reported their motor trip was very enjoyable, the weather being California style all along the line, excepting a cold spell (50 degrees) in Dallas.

Nursing Classes Set For Grossmont Hi Adults

A class of ward bedside nursing will start Jan. 19, 7:30, at Edgemoor Farm, under the sponsorship of Grossmont Adult School. This class will meet the requirements for hospital attendants employed by Edgemoor Farm and San Diego County Hospital.

For further information please call H 4-9401 ext. 25, or H 6-4155 ext. 15.

New Kiwanis President Installed

Tom Warburton, 1954 president of Lemon Grove Kiwanis, is installed by a Kiwanis Lieutenant Governor, John B. Gibson, at an installation held in Youth Center last week.

Installed at the same time were Max Goodwin, vice-president, and Sam Solleder, secretary. Also honored was a new board of directors.

Warburton, above, is vice-principal at Helix High School. Jessen foto

Lee Roloff Heads Leadership Classes

The Grossmont Adult School will offer a new course for those puzzled, bewitched, bothered and interested in the problems of leadership. Titled "The Problems of Leadership," the course will begin Monday, Jan. 25, Room 33, Grossmont.

The group will explore the vexing problems of good, bad, mediocre and indifferent leadership. They will turn quizzical eyes upon themselves in ferreting out what bothers members in a group.

The class is open to all interested people, but should be especially helpful to teachers, religious leaders and teachers, club presidents and officers, service group members, Scout leaders, etc.

Mr. Lee Roloff, Grossmont High, will lead the group for the new Spring course. He is a graduate of San Diego State, where he initially became interested in group problems. Later at Northwestern University, he did graduate study in that area. For almost two years he was director of a state-wide discussion program for the State of Vermont under the auspices of the University of Vermont.

Rebekahs Meet Wednesday

Mesa Jewell Rebekah Lodge No. 409 I.O.O.F. will meet on Jan. 20, for their regular business session with the newly elected officers presiding Mrs. Verda Lyng, Noble Grand assisted by Mrs. Ima Masters, Vice Grand. Mrs. Ellen Smolenski is chairman of the refreshment hour. Feb. 25 is to be our luncheon and card party with Mrs. Mary Odgers as

Glamour Mitts From Washcloths

Look at these merry glamour mitts made from two yellow washcloths! They're for bath, dusting, shampooing, hot pots or whatever you choose! A wonderful gift idea, and easy to make!

Place your hand on heavy paper and draw mitten pattern around it, 1/4" away from hand. Cut four terry pieces from the pattern, two to a washcloth, for front and back of both mitts. Cut two more pattern pieces from outing flannel, for lining. Trace actual outline of hand on right and left back sections. Stitch outline in black then embroider red fingernails and large green ring, with "stone" outlined in gold metallic thread. Baste lining to inside of front sections; bind bottoms and wrists of front sections with yellow bias tape. Place fronts on backs, and bind mitts with tape, leaving 2-inch slits at both sides of wrists. Sew a tape loop at outer wrist of each mitt. For free booklet of other gift ideas, "Make It With Towels," send a self-addressed stamped envelope to Dept. CH, Cannon Homemaking Institute, 70 Worth Street, New York 13, N. Y.

Here are two hints to make vegetables look their best, taste their best: plan unusual platter arrangements and serve with cheese sauce for color, flavor and good nutrition. As the highlight of a luncheon plate, a whole cooked cauliflower looks inviting with a golden cheese topping. Provide contrast with whole green beans and broiled tomatoes. You can make a quick cheese sauce by melting pasteurized process cheese food with a little milk. Or use a new pasteurized process cheese spread which needs only to be heated and it becomes a sauce.

Vegetable Luncheon Plate
1/2 pound pasteurized process cheese food
1/2 cup milk
1 cauliflower
Broiled tomato halves
Hot buttered whole green beans
Pimiento strips

Melt the cheese food in the top of a double boiler. Add the milk gradually, stirring constantly until the sauce is smooth. Cook the whole cauliflower, drain well and place it in the center of a round chop plate. Pour the hot cheese sauce over it and surround it with broiled tomato halves, and green beans garnished with pimiento strips.

Are You Guilty Of Doing Things Like These..

- SPEND THREE HOURS BARGAIN HUNTING TO SAVE 25c?
- WASTE A DAYS TRAVEL IN TIME AND EXPENSE IN ORDER TO CATCH SOME OUT OF TOWN BARGAIN WHICH MAY OR MAY NOT BE A 'BARGAIN' AT ALL?
- DRIVE 9 MILES TO BUY EGGS FOR A FEW CENTS LESS THAN YOU CAN GET THEM AT YOUR LOCAL STORES?

Most of us are guilty on one or more counts and we thereby exhibit an excellent example of false economy. In most cases we spend twice as much in actual cash, time and shoe leather as the few pennies we are supposedly 'saving.'

VARIANCE SOUGHT ON LOW COST SUBDIVISION

Variance was asked by promoters of a 703 house project in the Los Altos subdivision of the Planning Commission this week.

The owners asked that sub-standard sized lots and sub-standard width streets be allowed. The Commission rejected the request. The Board of Supervisors will consider the request Tuesday. Los Altos is between Lemon Grove and the San Diego city limits. Houses, if built, would sell for \$8,000 complete, promoters state.

"The common man is like the common architect and the common woman. What we need is the uncommon man." FRANK LLOYD WRIGHT in Laguna.

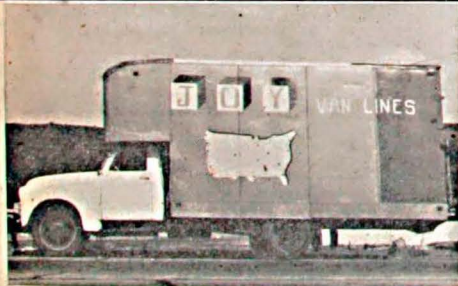

St. Philip's Episcopal Church

The San Diego Clericus of the Episcopal Church is holding its regular monthly luncheon meeting at St. Philip's Church Tuesday. Two important topics to be discussed are screening of candidates for the ministry and the coming annual Diocesan Convention to be held in Los Angeles Jan. 26.

Sunday, the church held its annual parish meeting at which the members elected their representatives to the Diocesan Convention, the Spring and Fall Convocation and their officers on the Bishop's Committee. Results were as follows: Mr. B. C. Hesser, Warden, Mr. E. F. Cochran, Treasurer, Mr. R. Davy, Clerk. Members at large Mr. T. Hitchcock, Mr. J. Robertson, Mr. R. W. Bierwirth, Mr. P. Titmas, Mr. C. Sharratt, Mr. A. B. McTear.

Tuesday at 8:00 p.m., Edward Borgens will give an organ recital. Several vocal numbers are also scheduled.

This recital is planned as a benefit for the Church organ fund. Everyone is welcome.

Dr. Hardesty Tells Educators Of New Year's Aims

The REVIEW does not ordinarily share space with editorials from other than the staff of this newspaper but Dr. Cecil Hardesty, county superintendent of schools, has done a piece in his monthly publication, which is distributed among all county educators, that we think worthy of reproduction. In the first publication of the year, Dr. Hardesty resolves for 1954:

Schools are for boys and girls.
Children are different. They are born with varying talents and abilities. If we encourage them to develop their full potentials, they will be even more different when they leave school than they were when they came.

Every day we teach the fundamentals—reading, mathematics, science—because we believe in them.
Pride in outstanding academic achievement should at least parallel pride in distinction won in fields that are artistic or athletic.

The ability to get along with others is important.
Because we know children learn best by doing, we should provide opportunity for them to participate in citizenship activities which are real and meaningful.

That our skills in human relationships have not kept pace with technological developments, speeds of travel, and media of communication should be our gravest concern. Progress in these areas can come alone from creative minds that deal readily with the abstract. Our great opportunity lies, therefore, in challenging and stimulating to their maximum development those pupils of superior academic ability.

We are fiercely proud of our country's historical heritage. We believe in the future of America.
The schools belong to the people.

DR. CECIL HARDESTY

Additional Classrooms are Needed Committee on School Costs Says

The Citizen's Committee on School Costs Monday unanimously endorsed the coming school bond issue for \$550,000.

The committee, composed of civic-minded individuals, formed when the Grand Jury inferred mismanagement of public funds in school building expenditures.

The local committee is composed of John Landesco, retired criminologist, David Wilhite, M.D., Robert Von Willer, contractor, Mrs. C. W. Brown, wife of C. W. Brown, M.D., Max Goodwin, publisher of the REVIEW, and Dr. Frank Gigliotti, retired minister.

The endorsement of the bond issue does not lessen the determination to study the Grand Jury report, Dr. Wilhite stated. Mrs. Brown stated that the flow of information from school administrators back to the taxpayer was not smooth enough to rule out suspicion.

In asking for an endorsement of the bond issue, Max Goodwin said that with the need for additional classrooms clearly indicated the endorsement should be unanimous but the committee should become watchdogs against frivolous expenditures of the money raised by the bonds.

John Landesco said that school pride is an important element and that beauty of structure should not be passed up for a paltry savings.

Von Willer stated that school costs are falling and that in his opinion, taxpayers are getting more for their school dollar today than anytime since the Korean War started.

Said Dr. Gigliotti, committee chairman, "We will not temporize, we want the best and most classrooms we can get for the taxpayers' dollar."

At this week's meeting school trustee, Harry Griffen, and school superintendent, Byron Netzeley,

were called in to discuss the coming bond issue. "The money," they said, "is needed for 29 classrooms to house almost 900 additional school children all of whom would be on double sessions after September."

They also pointed out that the time for the committee to do their watchdogging was as the plans are developed. They said that the bond issue was simply for schoolrooms. Plans would be drawn up as soon as possible if the bond issue passes.

The committee agreed to sit with one of the former Grand Jurors, who helped develop the school complaint. A report will be made in a subsequent issue of the REVIEW on how it affects Lemon Grove, if it affects the community at all.

Winners Named in Vision Contest

Two area girls were winners in a better vision contest sponsored by the California Optometric Association through its Vision Conservation Institute. Above, receiving cups from Dr. Cal Nicholl, Lemon Grove optometrist and one of the judges, are (left) Virginia Mills, 3720 Fairview Drive, Lemon Grove, winner of the essay section, and Margie Eilers, 8045 Culowee Drive, La Mesa, winner of the poster part. Title of this year's contest was "Safer Driving

Through Better Vision." Between the two attractive Helix students is Judge Luther Hussey. At the extreme right is Dr. Armoria Treganza, who is flanked by Dr. Lloyd Adams, San Diego optometrist, Dr. R. Vermillion, optometrist, and Max Goodwin, REVIEW editor, also judges, were missing when the photograph was taken.

The formal presentation was made this week at Helix High School with State Highway Patrolman William Howell in charge of the program. All of the above

named individuals were judges.

In addition to the two young ladies listed above, winners of honorable mention awards are: in the poster division, Kay Kish, Woody Brehm, Rosamond Adams, Richard Skrivanch and Carolyn Adams; in the essay division, Richard Garren, Bob Tilling, Robert Marrs, Doug Patterson, Gayle Meador, Marlene Dawson, Yvonne Baucher, Ralph Bwy, Elizabeth Guy, Carla Treurniet, Barbie Sue Brinkman, Suzanne Grey, Esther Drew and Ona Steinhoff.

Operation Heartbreak

"What can I do to help?"

Hardened highway authorities choked as they read this desperate appeal in a grieving mother's letter. It was about a new plan to reduce traffic accidents she had just read in her newspaper. Her son, riding with a 15-year-old licensed driver, had been killed in 1952. In her anguish and sorrow and the aching void in her family circle, her first thought was for other mothers. She felt she must do something to save others from that endless heartbreak which strikes into some 40,000 homes every year.

"What can I do?" she pleaded. "As a citizen I feel that such a plan is most worthy of everyone's consideration. As a mother whose boy was one of 38,000 Americans who lost their lives, I will wholeheartedly enlist to recruit others—to put such a plan into effect."

Must other mothers and fathers be so tragically shocked into a life-saving crusade to stop this killing on the highways? Not if you do your part in the way you drive. And you can join community projects to make streets and highways safer, too. A citizenry sick and ashamed of this reckless, heedless, unnecessary killing could contribute much to saving thousands of lives.

Think safety—talk safety—drive safely!

SLOW DOWN—LIVES ARE IN YOUR HANDS!

THE INTEREST OF LEMON GROVE SCHOOL KIDS

Columnist Edith Gwynn reported Jack Benny didn't have the final word when told by Bob Crosby that brother Bing was buying a boat for himself. "What did he buy?" asked Benny. "Parole isn't leniency, it's a supervised correctional program," WALTER T. STONE, Adult Authority Probation Officer, replied. "The Lurline," Bob replied. "Fortnight."

Attractive Plywood Coffee Table Designed as Home Craftsman's Job

Dimensions of the attractive coffee table shown below, which is featured in the current Home Modernizing magazine, are keyed to the new "handy panels" of fir plywood now on the market. Constructing the table requires only hand tools.

For free plans showing how to construct the table, write Home Modernizing, 82 W. Washington, Chicago 2, Ill.

Attractive Settings at Little Cost

No matter how casual the occasion nor how simple the fare, no meal need be glum and uninteresting. Decorative touches make all foods taste better, and they can be achieved easily and without great expense. This is especially true now that stainless steel has been taken up by the master craftsmen of the silver world. What once was thought of as "kitchen ware" to be used only for drudgery service now graces any table for casual entertainment. For point of example, here the new William A. Rogers' Surf Maid pattern stainless steel by Oneda, Ltd., embellishes a luncheon setting that will impress any discerning guest. Though exceedingly simple, it is gracefully fluted to give it the mark of the master.

The basic formula for settings such as this is one dramatic art piece plus good design and harmonious color. The stainless steel is "at home" with the shiny Mexican cork. Table mat of deep rose plastic is polka dotted to go with the white of the modern pottery. This is a lasting setting, too, for none of it needs care. The stainless steel will keep its gleaming lustre without polishing. The table mat whisks clean with the swish of a damp cloth.

Moisture Is a More Serious Problem In the Modern Home; Here's Solution

Moisture can cause a great deal of hidden damage in the home, says Home Modernizing magazine. This moisture can get into the framework of the house from the outside, the underside, and—particularly as houses are being made tighter and more weather-proof—from the inside, causing rot and deterioration of the structure.

If the house was built on a low part of the lot, or if the lot itself is low, you can count on gravity to present you with a moisture problem, bringing water from any rain or thaw to the foundation walls, where some seeps through. Grading the land to draw water away from the house is a solution; so also is laying drain tiles that will trap the water before it reaches the house, and lead it to a storm sewer, ditch or dry well.

If the home has a crawl space, this area should be well ventilated for dryness. In addition, by covering the ground with 55-pound roofing paper, in strips with 4 to 6-inch overlaps, you can keep the natural moisture in the ground from getting into the home in the form of vapor.

New Problem

The problem of moisture damage from the inside of the home is relatively new. Homes built years ago were bigger, looser and therefore better ventilated; today's homes are caulked, weatherstripped and insulated to be tight against the wind. Consequently, moisture builds up inside the modern home, especially in winter, from cooking, laundering, bathing, even human perspiration and respiration—and can't escape through cracks and open spaces. In the form of vapor, the moisture penetrates apparently waterproof surfaces and insulation, hits the cold outside sheathing, and condenses in the framework. Rot and mildew are on their way, and the condensed vapor also soaks and ruins in-

sulation. That, somewhat simplified, is today's moisture problem in the home. The answers: Ventilation, and vapor barriers.

You can install exhaust fans in the bathroom, laundry and kitchen, where moisture builds up fastest; and screened louvers in the attic, where indoor vapor builds up by way of the ceiling and sidewalls.

Provide Vent

With fans, make sure there is a vent to permit fresh air to enter the home as moisture-laden air is expelled. Fans should provide a change of air every 15 or 20 minutes.

If ventilation reduces the indoor humidity to balance with that out-of-doors, vapor will not enter the walls. Here is what indoor relative humidity should be at 70 degrees indoors, when it's very cold outside:

Outside Temperature	Indoor Humidity
-25 degrees or lower	Not more than 15 percent
-10 F to -25 F	Not more than 25 percent
Zero to -10 F	Not more than 35 percent
Zero to 10 above	Not more than 45 percent
Anything over 10 above	Not more than 60 percent

Vapor barriers work as the name implies—to keep vapor from getting into places where subsequent condensation can do harm. The vapor barrier may be a metallic foil, or asphalt-coated paper. Some paints have vapor-barrier properties, and should be applied to the inside of walls where insulation is being blown into place between the studs.

If installing batt or blanket insulation, be sure to get types that come with their own vapor barriers. The vapor seal at all times is applied to the inside—warm side of the wall. The fight against moisture is somewhat a see-saw battle; the tighter you make your home against moisture from the outside, the more likely it is to build up indoors. The answer is to have vapor barriers where needed, and ventilation throughout.

ROBERTA HAYNES, one of the sultries of the sultry crop of young movie actresses, had the last word on the Kinsey report. "Whenever a new book comes out I ask only one question. Is there a part in it for me?"

MAKE 1954 CALIFORNIA'S SAFEST YEAR

A Proclamation

As we begin a new year, we in California have reason for very serious concern at the terrible cost of accidents during the past twelve months:

Traffic accidents killed more than 3,400 people in California in 1953.

Accidents in and around the home killed more than 2,900 people in California in 1953.

In view of these terrible losses and the vastly greater number of painful injuries, causing untold suffering and tragedy in our State, I, Goodwin J. Knight, Governor of California, do hereby urge that all Californians cooperate with the National Safety Council and other safety organizations in a concentrated effort to make the year 1954 CALIFORNIA'S SAFEST YEAR, and to make every community in our State a safe place to live, work and play.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 15th day of December, A.D., One Thousand Nine Hundred and Fifty-Three.

Goodwin J. Knight

Governor of California

ATTEST:

Sharon A. Johnson

Secretary of State

DISCUSS FOOTBALL PROBLEMS

MEETING IN CINCINNATI, three top football coaches discuss television's effect on game receipts. From left: Don Faurot, University of Missouri, 1953 president of American Football Coaches Association; Jim Tatum, Maryland, coach of year and George Munger, Pennsylvania, new association chief. (International)

Start by removing old hardware. For a thorough modernizing job, plan to replace it with a more modern type.

Remove bad surface irregularities, then spread a coat of glue one to two inches wide all around the edge of the door.

Put a sheet of 1/4-inch plywood in place, nail it and countersink the nails. Drill holes for new hardware and install it.

Sand the plywood faces, particularly the spots where you have filled in nail holes. Give the faces any finish you prefer.

Music Lovers' Space Problems Can Be Solved With Compact Music Wall

Music hath charms, for most homeowners. But unfortunately, musical equipment takes up space that few homes of today can afford to lose. That is a problem, according to Home Modernizing magazine, that is best answered with a music wall.

The music wall is a built-in series of compartments providing places, in the most elaborate setups, for radio and phonograph (often high-fidelity equipment), television set, movie screen and equipment, wire or tape-recorder equipment and storage of records, music and other items, such as books.

No matter whether the home owner has all of these items or only a few to provide for, he should make sure the home music wall is located for best visibility and comfort of the viewers and listeners; acoustics should be good; air circulation should be provided around the TV set to avoid overheating, and there should be enough electrical outlets to handle the numerous pieces of equipment. The music wall, especially if it is a complete home entertainment center, may require a separate electrical circuit.

Out of the line of traffic, but easily visible and audible throughout the room are the TV-phonograph-radio components of this music wall, beautifully encased behind tall doors in a storage wall. Here the television set is high enough that viewers at the far side of the room can see despite furniture between them and the set.

Social Event for Woman's Vogue Club

The Vogue Section of the Lemon Grove Woman's Club will hold a social meeting January 19 at the Club House.

Mr. Robert Skinner, hair stylist, will present a program on hair styling and grooming and a member of the Lemon Grove Recreation Department will give a short talk about the recreation program planned for the youth of Lemon Grove.

Katherine Lockman, Wilma Gregory and Audrey Wolforth are in charge of program and refreshments.

All members are urged to attend and bring along guests.

Woman's Club Notes

By MRS. FRED SCHENEMAN

Commencing the New Year enterprisingly, the Lemon Grove Woman's Club will hold a benefit dessert card party Tuesday at 12:30 in the clubhouse, 2810 Main St. Proceeds will go into the March of Dimes fund for polio victims.

Mrs. H. J. Warner, Ways and Means chairman, has enlisted the help of two new members, Mrs. H. R. Pednault and Mrs. Anthony Codina. Mrs. Pednault and Mrs. J. B. Yeo will assist Mrs. O. A. Patterson on the telephone committee, while Mrs. Codina and Mrs. Thayer Crow will be in charge of refreshments.

Members of the Ways and Means committee participating are Mmes. R. B. Hayhurst, Alta L. Lemke, R. A. Drollinger, Robert Castiglia, and D. D. Lairsey.

Mrs. J. E. Sonka and Mrs. Lemke have generously contributed unusually attractive prizes which will supplement the equally desirable door prizes.

Seasonable decorations in a New Year motif will be used by Mrs. L. D. Newton and Mrs. Frank Barber with their customary ingenuity; and an enjoyable party resulting from the combined efforts of the entire group is promised.

Mrs. Schuyler A. Read has been chosen to succeed Mrs. H. I. Vernier as Book Section chairman. The group will meet Friday, January 15, at which time Mrs. Randolph Morse will discuss books of current interest on her reading list. Mrs. Read invites the club's book lovers to attend this interesting discourse.

VLM P-TA Sees

Bomb Film

Vista La Mesa P-TA met Thursday night.

Following the business meeting a film "You Can Beat the A Bomb" was shown. Robert Masters, program chairman, presented the Mothers' Singers Chorus from Hoover Adult Education Department with singers from Wilson and Franklin Schools. Mrs. Glen Erickson is the director of the group and Mrs. Lillian Blotz, accompanist.

Social hour followed the regular meeting with the 2nd grade mothers, Mmes. Olsen, Jones, Simms, Hilton, Oliver and Smith as hostesses.

Templeton Guest Artist

At Grossmont

Alec Templeton appears at Grossmont Auditorium January 14 in the second concert of the season. His program includes: Sonata in C major.

While admission to Grossmont Community concerts is open only to subscribers, members of Community Concerts in Chula Vista, Coronado, and Oceanside are admitted as guests on a reciprocal basis.

Memberships for next year will be available during the week of Feb. 8. Reservations may be made in advance by phoning Mrs. William E. Long, Membership Drive Chairman, H6-1100.

First Aid Refresher Course

Set for Grossmont

A nine hour first aid refresher course will be held at Grossmont High School, room 51, starting Monday evening at 7 p.m. This class will meet three sessions of three hours each, and is open to any adult.

Mr. Stanley Rose, the instructor, requests that those attending should bring a triangular bandage, a First Aid Book, and wear slacks.

Juniors to Hold

Board Meet

The regular monthly board meeting of the Lemon Grove Woman's Club Juniors will be held at the home of Mrs. LeRoy Scagliotti, 2161 Ensanada, January 19 at 8:00 p.m.

Patti Castle
Publicity Chairman
H6-6712

WANTS AND

PREFERS DOLLS TO RING CAREER

GIVING COLD SHOULDER to dad's efforts to interest her in pint-sized boxing gloves, Mary Ann Marclano, 13 months, makes it quite clear she has no interest in following in footsteps of father, Heavyweight Champion Rocky Marclano. Picture made in New York before they left for mountains. (International)

Modern Desk of Plywood an Easy Project; Only Hand Tools Required

The handsome desk below was specially designed for the home craftsman to make from the new convenient "handy panels" of fir plywood. The desk is one of a group of attractive, practical furniture pieces appearing in Home Modernizing magazine.

For free plans showing how to construct the desk, write Home Modernizing, 82 W. Washington, Chicago 2, Ill.

More of Citizen's Creed Listed

A national education fraternity, Phi Delta Kappa, recently adopted a Citizen's Creed regarding schools and public education. This is the third in a series, and this part deals with the citizen's relationships with school district officers.

Part III

As a citizen of the community, I will maintain the following relationships with school district officers:

1. I will expect the superintendent to discharge his responsibilities as provided by Board policy and the School Code.
2. I will accept school teachers and administrators as having all the rights and privileges of other citizens of the community.
3. I will combat rumors by going to school officers to get facts.
4. I will participate in school-community affairs.
5. I will cooperate with school officials to improve the instructional program for boys and girls.
6. I will go to the proper officials in order to secure information helpful to citizens in understanding the School Code and Board policy.
7. I will expect all school officials, teachers, etc., to abide by the Constitution of the United States.
8. I will at all times recognize the professional status of the teacher.
9. I will endeavor to find the proper channels for conducting my business with the schools and will endeavor to use them.
10. I will identify myself when it is necessary to make complaints, accusations, or suggestions to school officials.

Sgt. Lott Home On Furlough

Staff sergeant Estel P. Lott, son of Mr. and Mrs. W. M. Lott, 678 Lime St., was home on furlough this week. Sgt. Lott has been serving with the flying medical corps in Honolulu. He will return for another year of overseas duty following his visit here.

He is a product of the local elementary school.

New Homeowners Get Newspaper Subscription

There's a very enterprising realtor in Lemon Grove with a plan that the REVIEW likes in particular.

Roy Nielsen, president of Nielsen Investment Company, gives a year's subscription to the REVIEW with every home he sells in this area.

"I don't know how I could bring them up to date better on the habits and customs of Lemon Grove," Nielsen said.

To which the REVIEW replies "There ain't no better way, Roy."

Clancy Craig Hits Roulette Circuit

Another Lemon Grove resident is nearing the "big time."

John "Clancy" Craig, 2009 Englewood Drive, well known television and radio personality who has gained considerable fame as an Irish singer, made a guest appearance on the famed roulette row in Las Vegas.

John made a guest appearance at the Golden Nugget in Las Vegas last Saturday. He appeared as guest artist with violinist Joe Venuti and his orchestra.

Further appearances will be determined early in the spring, Craig said, after his booking agent completes contracts.

Trinity Presbyterian

Church Notes

Trinity Presbyterian Church has many outstanding events this month.

On Sunday, January 24, the annual congregational meeting and dinner will be held at 6:30 p.m.

Election of officers and adoption of the budget will be the main projects.

Commemoration of the second anniversary of the official organization day will take place on Sunday, January 31.

The Women's Association will have meetings this year on the third Tuesday of the month—one at 1:00 p.m. and another at 7:30 p.m.

Rev. John R. Chandler has to be in Los Angeles over next Sunday, so Rev. Dr. John F. Lee will be the speaker at both services at 9:15 and 11:15 a.m.

Kiwanis-Annes

To Aid Dimes Dances

Lemon Grove Kiwanis-Annes will hold a meeting Monday at 8 p.m. in the home of Mrs. Sam Solleder. Members will meet at Lindley's Pharmacy at 7:30 p.m.

All members of the club are urged to attend as the plans for the big March of Dimes dance will be discussed at this meeting.

"Far too many of us see the world through our eyes," is the opinion of Dorothy Armstrong, wife of attorney Frank Armstrong, member of the Lemon Grove School Board.

Early Days Of Balboa Park

From the Historical Collection of Union Title Insurance & Trust Company

This photograph from the historical collection of Union Title Insurance and Trust Company shows Sixth Avenue and Date Street, as it appeared in 1903. Although Fifth Avenue was a busy thoroughfare, Sixth Avenue ended at the park lands.

And "lands" they were. Although 1400 acres had been set aside as a park in 1868, it was not until 1902 that a park improvement committee was appointed. Funds were subscribed for park development and plans were approved. Real beautification of the park came during preparations for the 1915 Exposition, and it was during this time that the "City" Park or the "1400-Acre" Park became officially named Balboa Park.

Some of the homes pictured here appear almost the same today although the park area has changed radically. In recent weeks this site has been mentioned as a possible location for a Municipal Auditorium—also still in the planning stage.

Who's Meeting --And Where

A new feature will be carried in the Review each week. All regular meetings in Lemon Grove will be listed.

If your organization meets regularly and is not listed below please call the Editor at Home-land 6-1168.

Meetings to be held are: Lemon Grove Chamber of Commerce: first Tuesday each month.

Lions Club: each Thursday evening at Michael's.

Kiwanis Club: each Wednesday Noon at Youth Center.

Youth Control Board: first Monday each month at Youth Center.

Lemon Grove School Board Meeting: second Monday each month at the district's offices.

Fire Department Auxiliary: second Tuesday evening each month.

Lemon Grove Men's Club: Friday noon at Michael's.

Lemon Grove Woman's Club: Meets the second and fourth Friday each month (Club House 2810 Main Street).

Lemon Grove Woman's Club Jr's: Meets the second and fourth Tuesday of each month (8 o'clock at the Woman's Club).

Square Dance Class: Lewis & Laces every Wednesday, Club-house, 2810 Main, 8 p.m.

Vogue Section of Lemon Grove Woman's Club—1st and 3rd Tuesday of each month, 7:30 p.m. in Club House.

Mt. Helix High Twelve Club every Thursday, 12 noon at Michael's.

Business Women's League—First Thursday at Michael's 7:00 p.m. Third Thursday at Michael's 12:30 p.m.

Camp Fire Girl News

Camp Fire Girls and Blue Birds of Lemon Grove gave clothing which had been donated at their white-gift ceremonial, to the Salvation Army and also 80 soap and washcloth dogs to the folks at Edgemore Farm.

The Blue Bird group of Monterey Heights embroidered dish towels for their mothers and made fudge for their dads and popcorn balls for their Christmas party.

The Flower Girl Blue Bird group made flower planters for their mothers and car-washing kits for their dads and also took a hike to the quarry during the holidays.

The Ta-wan-ka Camp Fire group enjoyed a matinee at the Helix Theatre and a picnic in Collier Park during the holidays.

The Camp Fire girls in the Central Ave. Ta-wan-ka group are working on symbolism and starting their headbands. New officers are: Alicia Anderson, president; Carolyn Lybrand, vice-president; Phyllis Brook, secretary; Joan Gromarra, scribe.

January 15 is the date for the next monthly get-together for all the Camp Fire and Blue Birds at San Miguel School at 6:45 p.m. Clarence Jones will show colored

slides he took in Africa last year. Everyone interested is invited.

Brookside Blue Bird group of Brookside are learning about animals in preparation for a trip to the Zoo. They have finished coloring macaroni and making necklaces for themselves. New group officers are: Joyce Keith, president; Carol Lundquist, vice-president; Jan Lundquist, secretary.

Tanda Camp Fire girls were busy during the holidays making gifts for their parents, cleaning and packing a large box of figurines which were donated by Mrs. Peterson of Lemon Grove for the folks at Edgemore Farm.

When an automobile is overloaded, there is bound to be considerable flexing of the tires, particularly at high speeds. Flexing and speed combine to create excessive heat which is usually the underlying cause of tire blow-outs.

Dads' Night Set For Next Thursday

Dads will be featured at a traditional "Dads' Night" when the Lemon Grove School P-TA meets Thursday, January 21, in the San Miguel auditorium at 7:45. Carrying out the topic for the night, "Fathers Front and Center," Mrs. Virgil Danielson, program chairman, will introduce a panel to discuss the father's role in the education of the teenager.

The Rev. Mr. Phillip Bartlett will act as moderator. The story panel is made up of seventh and eighth grade boys, with their fathers.

This is the first meeting of the association since the four new sixth grades were added to the junior high school late last year, and a special welcome to the group and invitation to this program is extended to the parents of these children by Mrs. John Dail, association president, and Ben I. Schei, school principal.

'Hollywood Highlights'

By BOB TURNBULL
(This week I thought I'd turn the lime-light over to the other half of our Hollywood trip, Lanny Ross. Lanny is my guest columnist this week, so take it away Lanny.)

In last week's column Bob brought us up to Friday afternoon in his detailed report of our trip to the film capital of the world. Our next stop was to the Egyptian theater where we saw the second world premiere showing of "The Knights of the Round Table" starring Bob Taylor 'n' Ava Gardner. The story depicted the rise and fall of King Arthur. It was filmed in Cinemascope and accepted by the movie-going public as the greatest yet in the new motion picture trend of wide-view screen and stereophonic sound. It is a must for you guys who like medieval action and you gals who thrill over Taylor's romancing.

We take you next to Hollywood 'n' Vine to watch the New Year be born as you have never seen it before. The place was really jumping with thousands of people milling up and down the strip. Confetti filled the air and guys with pipes on their cars really had a hay day.

Saturday afternoon, the day after the night before, we trudged down to KNXT-TV to see an unusual version of "Queen for a

Day." Being New Year's Day it was called "Prince for a Day."

For kids from 6-12 years old they entered our books as being wise little ones. Jack Smith was the MC and had quite a time getting the facts from the little jokers. They gave away fabulous prizes and a pair of glasses to an eight year old, one eye winner, coincidentally named Lanny (Lance).

(This is Bob again. Thank you

INNOCENT MAN LEAVES PRISON

HEARTY HANDCLASP is given Franklin Hamlin (right), by San Quentin Warden Harley O. Teets as prison gates open for man convicted of robbery by mistaken identification. Gov. Knight issued apologies to Hamlin in granting him pardon. (International)

You Be the Judge

WHY WRITE DECISIONS?
While not all cases in our courts are printed, nearly all cases decided by our higher courts are. Is this a good idea?

Let's see. Some day you get into a dispute, say over property. You go to your lawyer. He "looks up the law", that is he reads the cases similar to yours, and can tell you how he thinks the court would decide your case.

Knowing this, you may not have to have a trial. For your opponent's lawyer also looks up the law. In this country most cases are settled out of court.

Or even better, before you get into the dispute—say when you first think of making a contract—you can check with your lawyer. Since he can look up the law on contracts like yours, he may suggest ways to write it, if you haven't signed yet, to define your rights and duties more clearly.

The effect of publishing cases is to make the law more certain and to save time and money for those who wish to conduct their affairs lawfully.

After getting your lawyer's opinion on the law, you may go to court if you want to. But if the law is well settled—if there have been many cases on your disputed point—chances are your case will come out the same way as the others. For most disputes in courts are over the facts—what took place, and not about the law.

Good Judges and Good Law
Well, you say, this makes it vital to have good, honest and able judges. Though you never go to court, these men may be deciding your rights and duties every day.

Strange, isn't it? Why wouldn't it be better, many have asked, for our law-makers to draw up such good laws that nobody would have to go to court to interpret them?

Well, law makers can make only general laws. They cannot make self-enforcing laws. After the facts are found, somebody must decide if a general law applies in your particular case. The person for this is a judge.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

Lanny Ross for telling about part of our wonderful trip to Hollywood. I'm sure the reading audience will back me up in saying that, you described it very, very well, thanks again.

Next week WE plan to tell you of the remaining part of our trip, which includes "Cinerama," "The Moulin Rouge Nightclub," and a few radio and TV shows.

Post Office New Location Decision Due in March

It will be about 90 days before a decision is passed down on the new location of the Lemon Grove Postoffice, it was revealed today in an exclusive interview via long distance telephone with the Postoffice Department.

R. A. Short, postoffice inspector for this district, told the REVIEW that the department would spend about 60 days discussing plans of each proponent with the proponents and then make a recommendation to the department in Washington.

Short said that it usually requires 30 days after their recommendation before the project is approved or disapproved. He said

Heartland Players To Meet

The Heartland Players of Lemon Grove will hold a general meeting at the Lemon Grove Woman's Club clubhouse on Jan. 18 and will welcome anyone interested in forthcoming productions of the group.

There are at least four proposals in Lemon Grove. One proposes a building on Imperial north of Broadway, and two propose the building on Broadway east of Imperial.

One proponent acquired about 50 names of business people on a petition and submitted it with his bid. His proposal has a Broadway address.

Pleads Innocent

More than 3,000,000 persons, including participants in the Mothers' March, are expected to pitch in to make the 1954 March of Dimes a success.

Public Notices

Re the Proposed Annexation to the Lemon Grove Sanitation District

RESOLUTION OF INTENTION TO ANNEX UNINCORPORATED TERRITORY TO THE LEMON GROVE SANITATION DISTRICT AND NOTICE OF HEARING THEREON

On motion of Supervisor Rossi, seconded by Supervisor Bird, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County:

WHEREAS, Frank D. McKenney the owner of certain property in unincorporated territory of the County of San Diego contiguous to the Lemon Grove Sanitation District, has asked this Board (Document No. 16515) to annex said property to said Sanitation District under the provisions of the County Sanitation District Act; and

WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 16569); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said district's lines (Document No. 16550); NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the Lemon Grove Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district or other district or districts formed for similar purposes, bounded and described as follows:

All that portion of the unincorporated territory of the County of San Diego, State of California, described as follows:

Beginning at the Northwesterly corner of the Southwesterly quarter of Lot 14 of Subdivision No. 3 of Rancho Ex-Mission Map No. 859, Records of San Diego County, said corner being an angle point in the boundary line of the existing Lemon Grove Sanitation District;

1. thence Easterly along the Northerly line of said Southwest quarter and said boundary line to the Southwest corner of the Northeast quarter of said Lot 14;

2. thence Northerly along the Westerly line of said Northeast quarter and said boundary line to the Northwesterly corner of said Northeast quarter;

3. thence Westerly along the Northerly line of the Northwest quarter of said Lot 14 to the Northwest corner thereof;

4. thence Southerly along the Westerly line of said Northwest quarter to the point of beginning.

(b) That said Sanitation District following said annexation shall continue to be known by that name;

(c) That the Board of Supervisors hereby sets Tuesday, the 26th day of January, 1954, at the hour of 10:30 o'clock, a. m. in the Chamber of the Board of Supervisors, Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, as the time and place fixed for the hearing of objections to the annexation of said territory to said District, or to the extent thereof.

(d) That the Clerk of the Board of Supervisors is hereby authorized and instructed to publish this resolution of intention and notice of hearing thereon at length in at least two successive issues not more than 30 nor less than 10 days prior to the time of said hearing in the LEMON GROVE REVIEW, a newspaper of general circulation in the County of San Diego, in the territory proposed to be annexed, and in said Sanitation District.

STATE OF CALIFORNIA,) County of San Diego,) ss. I, T. H. SEXTON, County Clerk of the County of San Diego, State of California, and ex-officio Clerk of the Board of Supervisors of said County, hereby certify that I have compared the foregoing copy with the original resolution passed and adopted by said Board, at a regular meeting thereof, at the time and by the vote therein stated, which original resolution is now on file in my office; that the same contains a full, true and correct transcript therefrom and of the whole thereof.

Witness my hand and the Seal of said Board of Supervisors, this 22nd day of December, A. D. 1953.

T. H. SEXTON, County Clerk and ex-officio Clerk of the Board of Supervisors. (SEAL)

New Garden Advisory Firm Starts

A local man, a former associate of the Germaine Seed and Plant Company, has opened a new service to assist solving local garden problems in the Lemon Grove area.

E. H. Light announced the opening of his new service firm this week at 8855 Greenview Place.

Light has had wide gardening experience here, in other parts of California and the east. The firm will specialize in advisory work but will also perform the physical part of the job if required. Light said that he would serve either on a contract or per hour basis.

Teenage Dance Booked For La Mesa

There will be an open teenage dance Saturday, January 16 at the American Legion Hall in La Mesa.

Dusty Miller for Garden Tone In Lemon Grove

All gardens need a few gray foliage plants to tone down the bright, colored flowers, accent green lawns and shrubs and for use in flower arrangements. The Dusty Miller fits this need perfectly as it grows easily and rapidly in Lemon Grove.

It is a compact grower with thick silvery leaves that set off a flower bed to advantage. However, due to the foot high growth that it attains it would be wise

only to use it in conjunction with medium and tall growing bedding material such as calendula, stock and snapdragons.

For bare corners or to hide a water faucet or some other distracting spot it is best to use plants of Centaurea gymnocarpa or tall Dusty Miller. This variety grows from 1 1/2 to 2 feet high and spreads 2 1/2 to 3 feet across. This leaf is finely cut or indented and is also of a silvery gray color. It is particularly useful as foliage material in flower arrangements.

In winter plantings of Dusty Miller good drainage is essential as they are subject to stem rot under too wet conditions. Light sandy soil is preferable, but Dusty Miller will thrive in any good garden soil. Try planting along the driveway or spot a plant or two at strategic points throughout the garden. The result will be pleasing.

M. H. Neighborhood Club to Install

Monterey Heights Neighborhood will install new officers at their meeting on Wednesday, 9:30 a.m. at Mrs. Robert Davy's home, 2065 Eldora St.

Incoming officers are: Chairman, Mrs. Raymond Johnson, Co-Chairman, Mrs. Philip Titmas, Secretary-Treasurer, Mrs. Richard Hicks, Historian, Mr. Richard Hicks, Welfare, Mrs. Warner Schmuck and Publicity and Cookie Chairman, Mrs. Bill Castle.

Monterey Heights is planning a large attendance at the Annual Meeting of the Girl Scouts of San Diego County to take place at the Balboa Club, Balboa Park on Friday, January 15, 10:00 a.m. Lady Baden Powell, Founder of the Girl Guides, will be the speaker.

Brownie troop leaders will meet at the home of Mrs. Philip Titmas, 1796 Skyline Dr. on Wednesday, January 13 to discuss a ways and means project for the Monterey Heights Brownie troops.

Kent Knapp Passes

Spring Valley—Funeral services were held last week in La Mesa for Kent "Pappy" Knapp, 66, of 4240 Bankcroft dr., who died Sunday Jan. 3.

Knapp was associated with the Lemon Grove Lumber Co. A native of Wyoming, Mr. Knapp was taken ill on Dec. 14 and died in La Mesa Hospital. A resident here since 1940, he was in the lumber business with his son. In 1952 he became associated with Lemon Grove Lumber Co. and was employed there until he retired in 1953.

Survivors include his wife Inez A. Knapp, a son, Albert Kent Knapp and two grandsons, Karl and Lynn, all of La Mesa. Two sisters and four brothers survive in other states.

High School Site Purchased

The Grossmont Board of Trustees took action Monday night to acquire a 70.6 acre high school site. The site is located between Casa D'Oro and Mt. Helix Home-lands, on Sweetwater Blvd., one-third mile from Campo Road. The site was acquired from F. J. Hansen for \$105,000, according to Lewis F. Smith, District Superintendent. The acreage price was reduced below the market as a special consideration by the owner because of the need of the community for a desirable school site.

Twenty six and six-tenths acres are located within the Irrigation District and are used for irrigated vegetable farming. The other 44 acres are outside the Irrigation District but may be included, subject to the inclusion charge.

Unless population trends should change present plans, construction on this site would be deferred until after the two high schools for the Lemon Grove-Spring Valley and the Lakeside-Santee areas have been developed. This is estimated to be in the 1962-64 period. Acquisition was the culmination of careful study and recommendation by the Grossmont Citizens Advisory Committee.

No action was taken on the acquisition of a Lakeside-Santee site pending further study by the Grossmont Citizens Advisory Committee and school officials.

The board approved advertising of bids for construction of the high school in El Cajon as soon as plans have received final approval from state and federal authorities. This approval procedure should be completed within several weeks, stated Harold G. Hughes, Assistant Supt. This should permit the bids to be opened and construction started sometime in February. The high school, designed for 1500-2000 students is scheduled for completion by September, 1935.

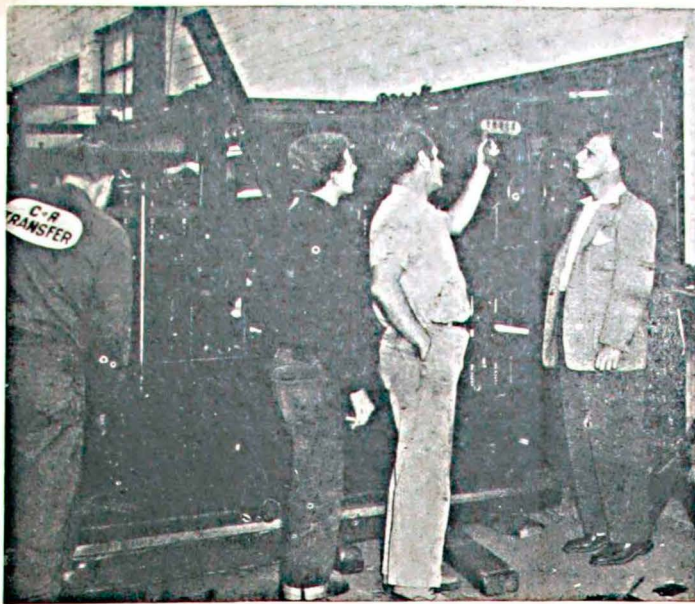

John Gigliotti

Home on Furlough

John Gigliotti, son of Dr. Frank Gigliotti, who recently entered the armed services, was home for the Christmas holidays.

John has been made an acting corporal after only two weeks in the service. He also qualified for Officer's Candidate School. He is stationed at a base in Monterey.

New, Modern Press Installed by Review

DTA Holds Special Meet

A special meeting of the executive board of the Lemon Grove District Teachers Association was called on Monday afternoon of this week at the Vista La Mesa School. Louis Poluzzi, club president, presided. The board's action included consideration of duties of various committees, a discussion of NEA questionnaire, and the selection of an association delegate to the Good Teaching Conference to be held in Los Angeles later this month. The members chose Frank Mattas, social studies teacher at the junior high school. Mrs. Loy Holmquist, chairman of the professional relations committee, reported on the findings of her committee concerning several items under study by that group.

The next regular meeting of

If your REVIEW is easier to read it's because we have a new press.

A new, modern Cottrell two revolution flat-bed press was installed in the REVIEW last week. It replaces a press of similar make. The new Cottrell weighs 8½ tons. The old press, also a Cottrell, weighed less than one ton. The new press will deliver about 2500 impressions per hour against about 400 per hour for the old equipment.

The press is part of a continu-

ing program to modernize the Lemon Grove paper. Shown in the photograph above, in addition to the trucking firm man who is working at the extreme left, are Del Meinung, printer; Jerry Dougherty, composing room foreman; Max Goodwin, editor and publisher.

Paid circulation has increased from approximately 800 to more than 2,000 during the past 18 months which accounts for the need of faster production.

The club will be held on Thursday evening, January 28, at one of the district schools.

In attendance at the executive board meeting were Louis Poluzzi, Leota Holcomb, Peg Darroch, Keith Dolan, Loy Holmquist, Emma Tait, Alice Hacker, Helen Shelton, John Strawn, Bob Sutton, and Pat Walters.

Inexperience Plagues Helix Quintet

Helix High's 1934 basketball prospects are hinged on the development of inexperienced players. For two years in a row, the Highlanders have had giant centers and considerable other talent with which to work. Noel Mickelsen and Jerry Hurst, who both stood 6 feet 6 inches, have no successor of such generous dimensions this winter. Gali Stuckey, a senior, will have to handle the pivot this season. Stuckey, who is only 6 feet 2 inches, was Hurst's understudy last winter.

Coach Robert B. Divine makes his debut at Helix this year. Divine has several years' coaching experience with midwestern teams in Indiana, Illinois, and Iowa. He has two returning lettermen, Bill Hire and Stan Davies, with which to work. Center Stuckey and Guard Don Withem, who failed to letter on the varsity, will be helpful. Forward Dick Stillings, a senior, who was one of the main stars of Helix's record-breaking 1932-33 B team, has won a first-string berth. He is currently the team's top scorer. Guard Bob Boney, another B graduate, is displaying

considerable talent.

Jerry Mulder, 6 foot 4 inch junior center, is showing promise and is being groomed to take Stuckey's position next year. Other top players for the Helix varsity include: Jay Elston, Jim Hutchens, Tom Bailey, Jerry Miller, Gordon Moore, Dick Boyle, Lynn Aase, John Bates, Ronald Svalstad, Tom Welbaum and Neal Curtis.

Helix has another new coach in the fold this season. He is David Lefever, a product of Los Angeles. Lefever has taken up the job of coaching Helix's B team. Plagued by the problem of inexperienced players, Lefever is doing a highly creditable job. Lee Nevis, a Sophomore letterman, and Warren Grimsby, a B monogram-earner, are providing the team's backbone while newcomers Jim Anderson, Dave Sucee, Jerry Haley, Glen Olstead, Bob

CAPT. OTTO MEYER, S. F. traffic director—"As jurors, San Franciscans are prone to award huge damages in accident cases; as motorists, they pay the highest insurance rates in the State."

"I'd rather handle a backward student than a forward parent." BEN SCHEL, L. G. Jr. Hl. Principal.

Battery Warning

Summer heat or an overcharging generator will cause rapid evaporation of battery fluid. It is important to check the battery at more frequent intervals during summer months, and the generator charging rate should be carefully watched.

Rabasco, John Pfister, and Rudy Rudzinski furnish additional help.

Beauty of Life Described
In Sunday Lesson-Sermon

The understanding of God as
Life brings into human
experience health, joy, and freedom.
This thought keynotes the
Lesson-Sermon in all Christian
Science churches on Sunday. The
subject is "Life."

A reference read from Luke's
Gospel (7:12-15) records that
when Jesus came to Nain, "there
was a dead man carried out, the
only son of his mother, and she
was a widow; and much people
of the city was with her." And
Jesus said unto her, "Weep not.
And he came and touched the
bier: . . . And he said, Young
man, I say unto thee, Arise. And
he that was dead sat up, and
began to speak. And he delivered
him to his mother."
